

MEDICARE AND MY CHIROPRACTIC VISITS:

2020 Medicare annual deductible is \$198.00.
You must meet your annual deductible before you start receiving reimbursement checks from Medicare.

- Patient Exam Fee: \$90.00 (to be charged at first visit only or if you have not been seen in over 2 years.)
- 2020 Medicare Manipulation Fee: \$48.61 (the ONLY treatment Medicare will cover at 80%. Patient will receive this reimbursement by check in the mail from Medicare directly).
- Therapies (Treatment other than the Manipulation of the Spine): \$15 per Therapy (Medicare will NOT cover these services which is why we discount them significantly to the rate of \$15 each – see Advanced Beneficiary Notice of Non Covered Services form.)

What if I have a supplemental insurance plan?

Our billing department at Barkalow Chiropractic will send all claims directly to Medicare. Once Medicare receives, approves, and processes your claims they will then submit them to your supplemental for possible additional coverage. You must still pay your patient responsibility at check out.

What are my estimated costs?

INFORMED CONSENT TO CHIROPRACTIC CARE

I hereby request and consent to the performance of chiropractic adjustments and other chiropractic procedures by Dr. Stephen Barkalow, Dr. Derek Barkalow and/or Dr. Dustin Nagai including various modes of physical therapy modalities some of which may be performed by other office or clinic personnel. I further understand and am informed that, as in all health care, in the practice of chiropractic there are some very slight risks to treatment, including, but not limited to the following:

- While rare, some patients have experienced rib fractures or muscle and ligament sprains or strains following spinal adjustments
- There have been reported cases of injury to a vertebral artery following cervical spine adjustments. Vertebral artery injuries have been known to cause stroke, sometimes with serious neurological impairment and may, on rare occasion, result in serious injury. **The possibility of such injuries resulting from cervical spinal adjustment is extremely remote.**
- There have been rare reported cases of disc injuries following cervical and lumbar spinal adjustment

I do not expect the doctor to be able to anticipate and explain all risks and complications and I wish to rely on the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known, and is in my best interest. Chiropractic treatment, including spinal adjustment, has been the subject of government reports and multi-disciplinary studies conducted over many years and have been demonstrated to be highly effective treatment for spinal pain, headaches and other similar symptoms. Chiropractic care contributes to your overall well being. The risk of injuries or complications from chiropractic treatments is substantially lower than that associated with many medical or other treatments, medications, and procedures given for the same symptoms.

I acknowledge that I have discussed, or have had the opportunity to discuss, with my chiropractor the nature and purpose of chiropractic treatment in general and my treatment in particular (including spinal adjustment) as well as the contents of the Consent.

I consent to the chiropractic treatments offered or recommended to me by my chiropractor including spinal adjustments. I intend this consent to apply to all my present and future chiropractic care.
